

Cooler bag with carrying handle

This is the perfect way to bring your frozen food home, even in summer.
home in the summer.
The bags consist of 2 film layers that are joined together by a carrying handle.

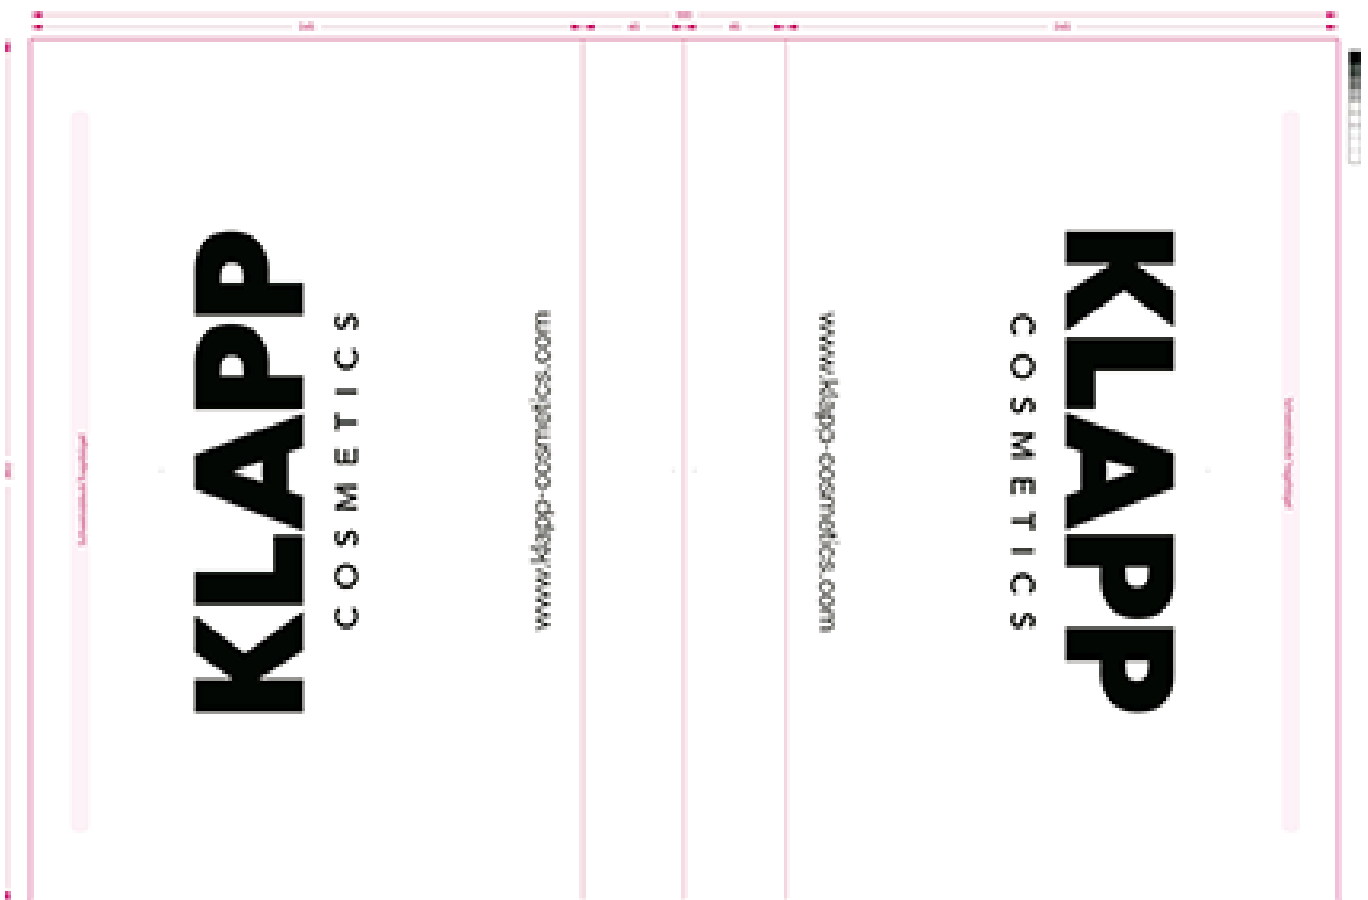

They have a foamed metallised foam film on the inside and LD PE material on top, which can be printed individually using flexographic printing.

Our insulated carrier bags are characterised by the following criteria:

- - Aluminium-vapourised foam film
- Thickness from 80 - 200 μ
- LD PE / Mono / COEX film
- 30-50 μ
- Size 100 x 100 mm - 640 x 1.200 mm
- Type of printing: Flexo printing up to 8 colours
- Carrying handle in different versions With click lock
