

## Exklusive Jute / Canvas bags

Jute comes in many different types. Roughly woven like potato sacks to very finely woven so that you can hardly distinguish it from a cotton bag.

Especially nice is the possibility to mix the different weaves and structures.

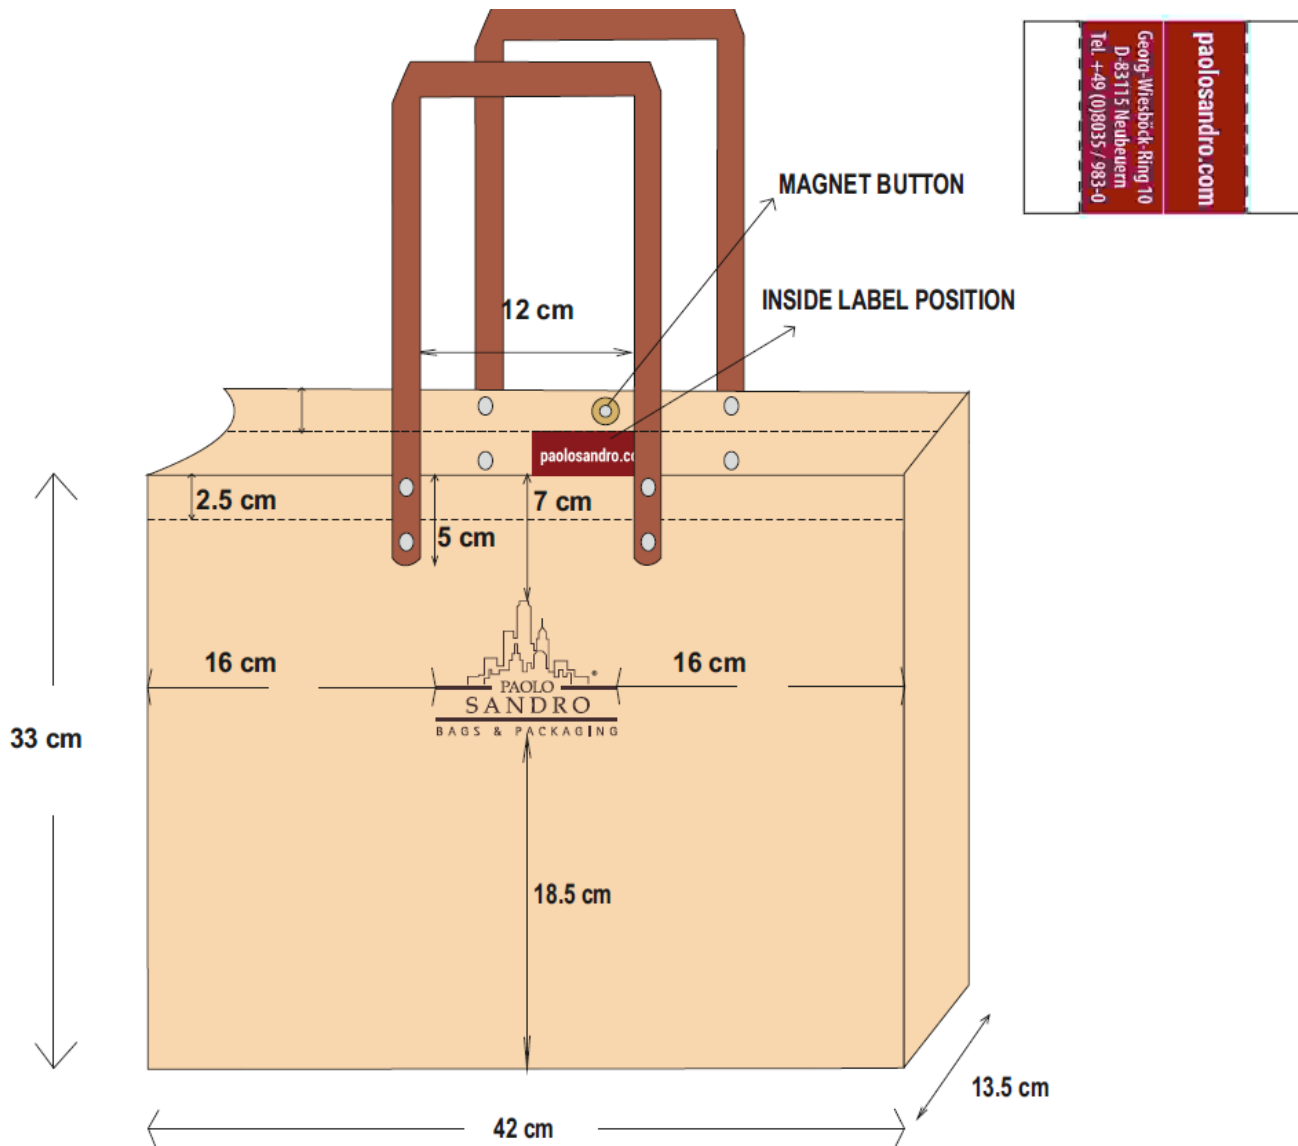

**Our jute carrier bags are characterised by the following criteria:**

- 100% pure jute
  - Material in natural or also dyed
  - Thickness from 180 gr.
  - Every format possible
  - Type of printing: screen printing
- 
- Handles in different lengths and thicknesses as well as different materials
  - Exterior and interior pockets
  - Hangtags
  - Various fastening options, such as zip, snap fastener and Velcro fastener
  - Bag edges on the inside or with piping
