

Luxury foil bags

Our exclusive foil carrier bags are characterised by various criteria and thus become a stable companion and eye-catcher at the same time.

Characteristic are:

- Inside edge cover
- - 800 - 900 gr. strong PE reinforcement in the cover
- - 400 gr. strong, glued-in bottom cardboard for optimum stability
- - HDPE, LDPE or MDPE film material, ideally from 120 μ
- - Extra finishing possible with hot foil stamping

The bags are sturdily welded at the bottom and in the side gussets, the cord holes are reinforced with eyelets in all colours.

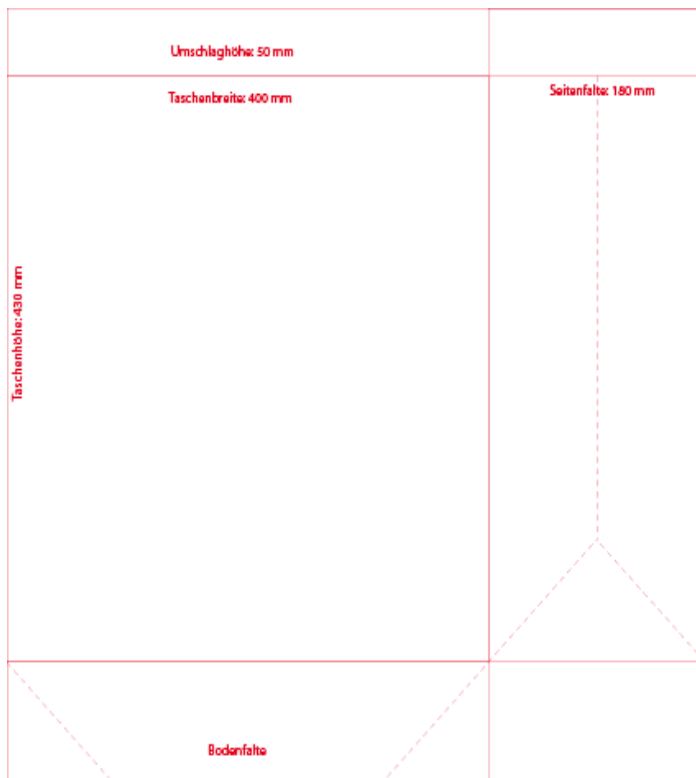

Flexo printing with up to 8 colours gives the bag its individual print image.

The printing inks Euroscale, HKS, Pantone are used on water or alcohol basis, are of course food safe and without heavy metals or harmful substances.

Various cords round off the harmonious appearance of the bag, from cotton to PE to PVC - tubular handles, you have a wide range of options to give your carrier bag a high-quality finish.
