

Luxury foldable box with magnetic closure or ribbon

These high-quality folding boxes with flap lids are used in many areas.

Delivered flat, the boxes can be erected into a high-quality box in a few simple steps, even without gluing.

The construction is self-supporting thanks to an ingenious folding scheme.

All visible surfaces can be gloss or matt plasticised, even with embossed or untreated natural paper you get a high-quality piece of jewellery.

Effect laminations such as iriodin or metallic laminations give the box a noble look and can be supplemented with a wide variety of other finishes.

Blind embossing, relief embossing and hot foil stamping as well as partial UV varnish accentuate special areas.

Our Exclusive Hardcover Boxes are characterised by the following criteria:

- 2-3 mm. thick, grey board for optimum stability is laminated with any 120-140 g papers, also FSC® paper.
- Various surface finishes through laminations of different types.
- Extra finishing with UV varnishing and hot foil or relief embossing.
