

## PP Woven Bags

Sustainability is important. The reusable woven carrier bags are ideal for this.

The polypropylene material of the PP woven bags is woven and therefore extremely durable.

A big advantage of PP Woven bags is that they are insensitive and above all washable.

Since laminated woven bags are printed using the gravure printing process, they impress with sharp print images.

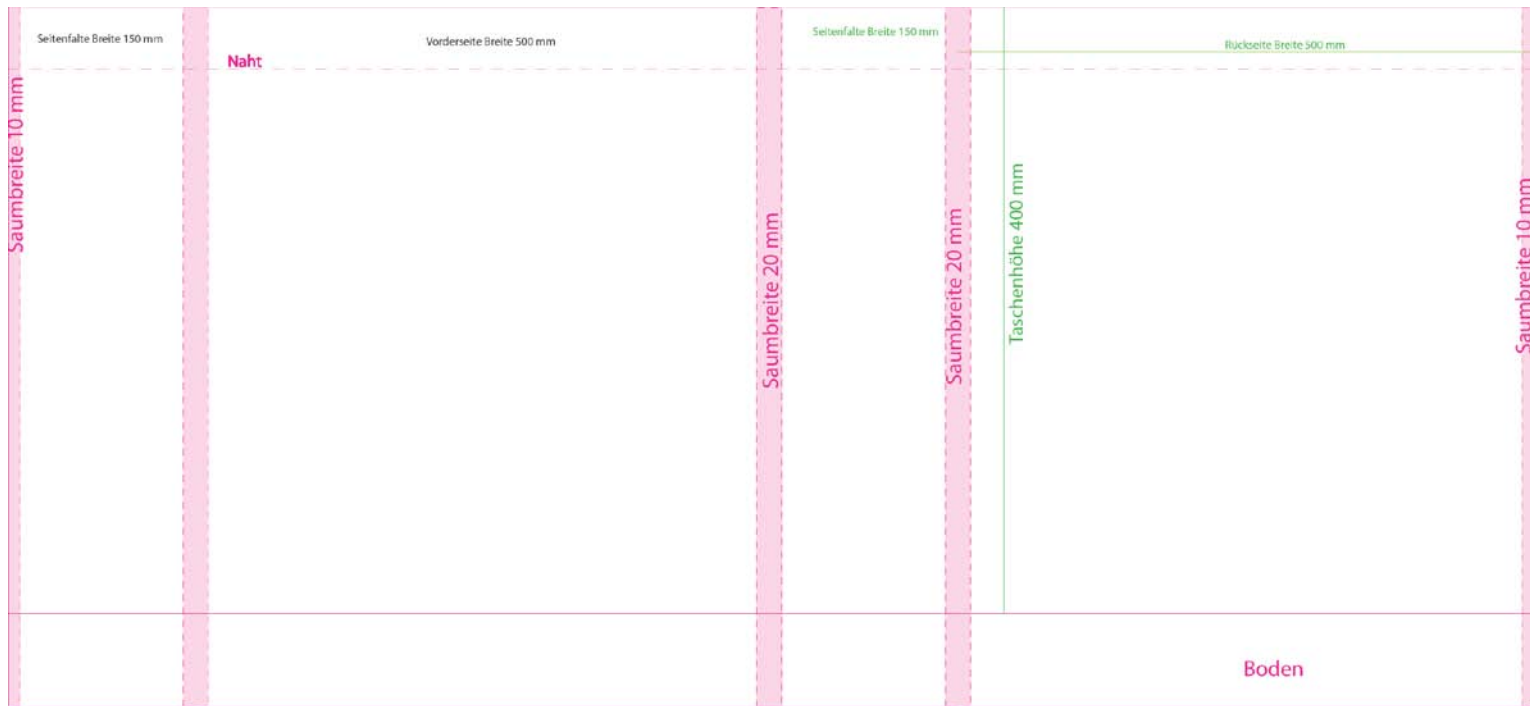

**Our PP Woven carrier bags are characterised by the following criteria:**

- Woven polypropylene material
- Thickness from 120 - 160 gr.
- OPP lamination matt or glossy
- Any format possible
- Type of printing: Gravure printing up to 11 colours on the OPP lamination

- Handles in different lengths or also long and short possible
- Exterior and interior compartments
- Hangtags
- Various fastening options, such as zip, press stud and Velcro fastener
- - Bag edges sewn inwards or hemmed with piping
